

The U.P. EP

Brevort
Be still
Going against your will

Sleep
Too deep
Into it now we try to keep

Comin' up, comin' up, comin' up to

You

Peer and let me fall

Desirous days and all

Feeling now so small

Das and ehs

Remember the days, island ways, soft haze

Remember the days, slow daze

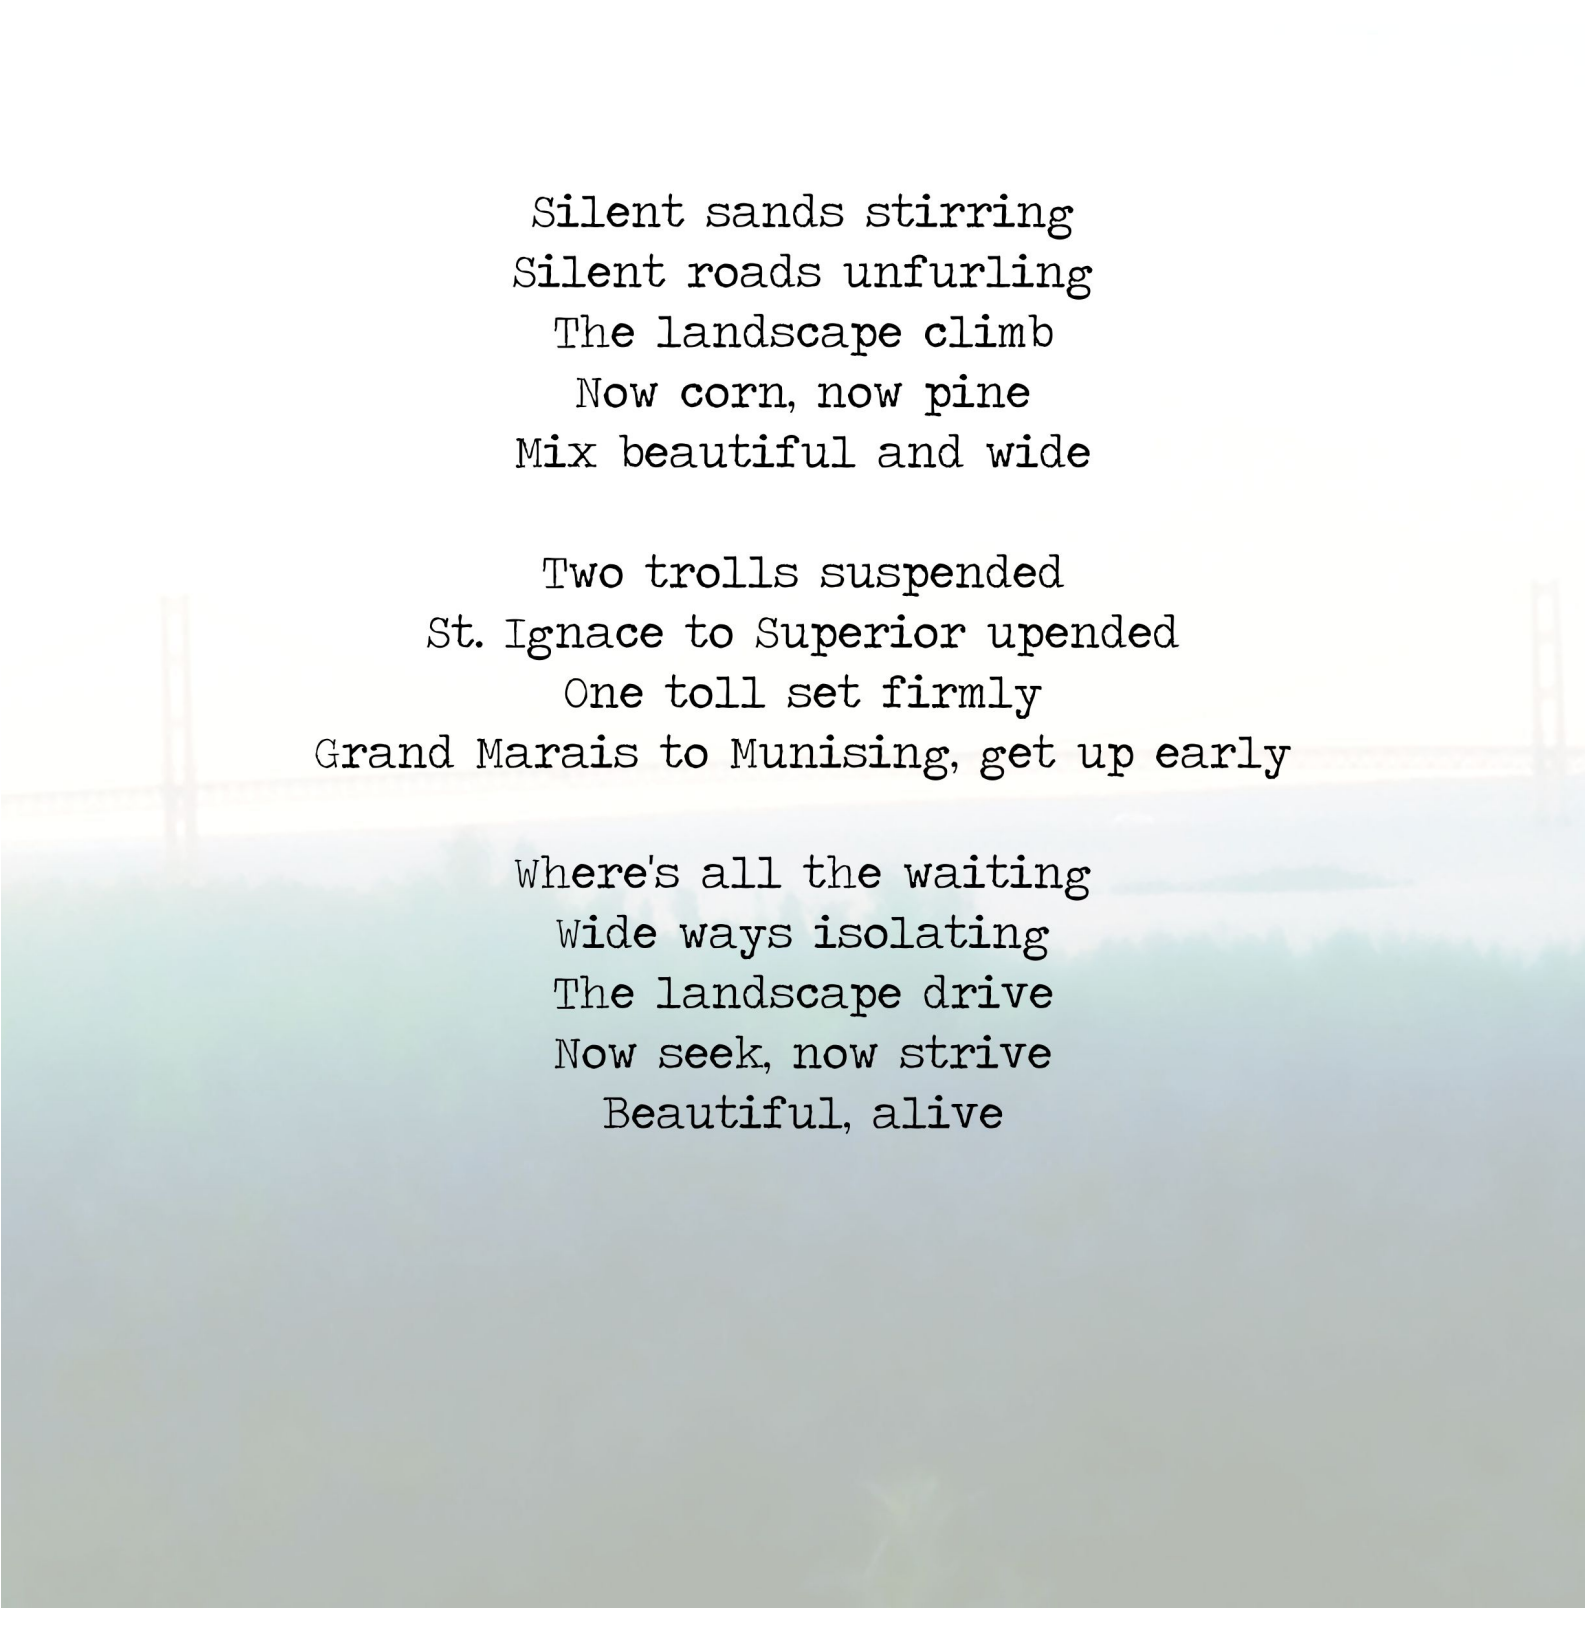

Let me go, let me go, let me go to

You

Peer and let me fall

Can't walk, I need to crawl

Desirous days and all

Silent sands stirring
Silent roads unfurling
The landscape climb
Now corn, now pine
Mix beautiful and wide

Two trolls suspended
St. Ignace to Superior upended
One toll set firmly
Grand Marais to Munising, get up early

Where's all the waiting
Wide ways isolating
The landscape drive
Now seek, now strive
Beautiful, alive

What a great trip...
